Chief Editors Message

Dear Readers,
Greetings to you!!!

We are pleased to present to you the fourth issue of Institute Newsletter. It brings the flashback of the events and achievements of the students inside and outside the Institute. It extracts talents, ideas, skills from different fields together on the same picture. The Institute plays a vital role in the life of young students learning to blend knowledge, wisdom, values and integrity at the very outset of their life to empower them holistically for a bright future.

I would like to express my gratitude to our Director, Prof. (Dr.) Neelendra Badal Sir for his constant support and encouragement to overcome all obstacles that come our way. I thank the students of Editorial Board for their whole hearted contribution for this issue.

Happy Reading!!!

Dr. Ashu Tomar, Assistant Professor, Department of English

There was a time when people felt that the internet was another world, but now people realize it is a tool that we use to know this world. So don't waste your precious time to figure out which Instagram filters to use. Use the internet to get ready yourself with latest technologies in this swift changing environment. All the best to students for their future and greetings to Students' Editors of the Institute Newsletter.

Er. Sudhir Goswami, Assistant Professor, Department of Information Technology

Introducing newsletter from the pen of student

Priyanshi
EE 3rd Year

Hello friends! Here we are again with the new edition of the Institute newsletter. I feel delighted by sharing that our college accomplished lot of achievements with the hard work of faculty members and students. It takes a lot of action to maintain consistency in the achievements and REC Bijnor is constantly making progress in every area. In the last few months, many activities were going on into the college which keep students busy, however, as these activities provide a platform for students to show their skills. Meanwhile, focusing towards excellence, we are developing a healthy environment in our college. I feel privileged to be a part of newsletter team. This newsletter assist to see positive aspects of our college. We are focusing towards the excellence and growth of our students in the college. I ensure that all the readers will enjoy going through this newsletter.

Mission Of REC Bijnor

- To develop innovative and competent engineers for the growth of industry and society.
- To sustain in an institutional environment in which innovative ideas, research and consultancy develop and from which the innovators of tomorrow emerge.
- To address socio technical problems faced by the state through the talent we nurture.
- To serve the local community through the use of local resources.
- To encourage dissemination and discovery of knowledge in an atmosphere of scientific freedom.
- To actively involve in rural development by way of involvement in technology-based solutions for problems in rural areas.

Vision Of REC Bijnor

To be recognized as a premier institution in the field of Engineering and Technology, to provide industry ready technocrats with distinctive competence and ethical standards for the development and social welfare of society.

Achievements of Faculty Members

Dr. Paritosh Sharma

- A patent is granted on 16th February, 2022 on the topic Data Science in Supply Chain Analysis using BlockChain Technology.
- Completed all AICTE modules.

Dr. Subia Ambreen

- Organised an Online Seminar on No More Gender Biases For Women Entrepreneurs on 26th February, 2022 as Co-Convener of the event for the students.
- Completed all AICTE modules.

Dr. Pravesh Kumar

- Published a research paper in Scopus index International Journal: Pravesh Kumar and Amit Sharma, MRL-JAYA: a fusion of MRLDE and Jaya Algorithm, Palestine Journal of Mathematics, vol 11, pp 65-74, 2022.
- Completed all AICTE modules.

Er. Sudhir Goswami

- Completed all AICTE modules.

Dr. Ashu Tomar

- Organised an Online Seminar on No More Gender Biases For Women Entrepreneurs on 26th February, 2022 as Convener of the event for the students.

- ## Satkarya Club

The event Manobal by Satkarya Club was organized on 13 April 2022. The Chief Guest of this event was Block Education Officer. The Prize distribution was done by respected Prof. (Dr. Neelendra Badal), Director, Shri Naresh Kumar, Registrar and faculty members to the toppers of class 6th , 7th and 8th. Also prizes were given to over all toppers in which Zaid Alam class 6th, Samreen class 7th and Fatima of class 8th stood first in all nine villages. Keeping in mind the basic needs of the students, GK Books, Water bottles, Trophies and Certificates were given to boost the morale of the students. After the prize distribution, campus tour for all the students was organized. The students of first year, second year, third year and final year volunteered enthusiastically and made this event successful.

Alumni Talk

I think the success of any college can be measured by the contribution, the alumni make to our national life. This very precious quote by Mr. John F Kennedy which always makes me remember the value of college in my life. The Institute has given me not only ample options for vivid career but also prepared myself for upcoming social hurdles. First time when I came to campus, it was just a college for me but now it's a family. And every family member was very supportive throughout the years. I want to complete my college bucket list but as always there is a time limit.

उसे भी याद नहीं रहा, मैं भी भूल सा गया ।

जो ये लम्हा था कीमती, फ़िजूल सा गया ॥

Shikha Rani

(IT Batch, 2013-2017)

REC was like my second home, ours was the first batch that commenced in the newly built campus at Chandpur. A transition from school to college life is often difficult but the people at REC, the teachers, the faculty members, the seniors, and the batch-mates made it an unforgettable experience. The four years spent there taught me the most important lessons in life, the college not only excelled in academics but was also at par in cultural activities. The teachers always tried their best to support us in every way imaginable, whether it was inside or outside the class. The college taught me how to face and overcome difficult situations, being a student equally inclined towards academics as well as extracurricular activities I was never afraid to take up responsibilities. I too encountered failure, it is rightly said 'Someone who has never failed has never achieved anything'. Failure does not matter if you have the will to start over again.

It is in college that we recognize and realize our passion in life and decide our career path. At REC the teachers were my mentors, often going beyond the scope of curriculum. They equipped us with the latest development in technology whether it was through lectures, seminars, or online courses. I got the best guidance available, assisting me in every step they helped me realize my true potential. I will forever be indebted for everything my college has offered.

REC will always remain an integral part of my life. I wish and hope to see our institution prosper and achieve greater heights.

Rayed Ali

(IT Batch, 2015 to 2019)

लेखनी

भवर के बीच में खोया जिंदगी के खिवैया को
हर रोज़ पार करती है वो एक ज़िल्लतो के दरिया को
चुड़ियों से खनकते थे वो दोनो हाथ खाली है
धुंधले से हुए हैं दिन और पूरी रात काली है
जमाने को जवानी की सुलगती आग का डर है
कफन के रंग की साड़ी तो उसपे दाग का डर है
उस मासूम बिरहन को कभी बातिल कहा तुमने
कभी डायन अभागी तो कभी कातिल कहा तुमने
कल तलक आंख का काजल थी अब कालिख नहीं है वो
जरा तुम उमर तो देखो अभी बालिग नहीं है वो
और मजबूरियां देखो बेचारी मर नहीं सकती
नन्ही उम्मीद आंचल में किनारा कर नहीं सकती
पड़ गई बेडिया पैरों में अब वो एक कफस में है
फकत बस सोचती रहती है वो किस कशमकश में है
सरेराह खो चुकी है वो तो अब जीने के ज़रिया को
हर रोज़ पार कर रही एक ज़िल्लतो के दरिया को

आराम से बैठकर जिंदगी को सोचना है मुझे ,
फुर्सत के कुछ पल निकालकर जिंदगी को लिखना है मुझे |
नफ़रत को जहन से निकाल दिया है मैंने,
मोहब्बत से जिंदगी को तराशना है मुझे |
ज़िंदगी को ज़िंदगी के नजरिए से देखना है ,
और ज़िंदगी के नजरिए से खुद को देखना है,
प्यार और संघर्ष दोनों जरूरी हैं
ज़िंदगी जीने के लिए,
इसलिए संघर्ष को प्यार के नजरिए से देखना है मुझे |
मोहब्बत से.....
माना मुश्किलों के साथ चलना थोड़ा भारी है,
लेकिन मुश्किलों को धैर्य से देखना है मुझे |
कड़वा है मगर सच है लोग अपनों को पराया बता देते हैं अक्सर,
लेकिन परायों को अपनों की तरह देखना है मुझे |
मोहब्बत से.....
और जो हवाएँ मेरे खिलाफ चल रही हैं,
उन हवाओं से जल्द सामना होगा,
अभी तो खुद की उलझनों को सुलझाने में लगे हैं ,
फुर्सत में होकर जिंदगी का हिसाब करना है मुझे ।
मोहब्बत से.....
